II. Basis for Jurisdiction

Federal courts are courts of limited jurisdiction (limited power). Under 28 U.S.C. § 1332, federal courts may hear cases in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000. C. The Amount in Controversy

The amount in controversy—the amount the plaintiff claims the defendant owes or the amount at stake—is more than \$75,000, not counting interest and costs of court, because (explain):

This amount is for punitive damages. The defendant intentionally jeopardizes my life. 15,000,000,000 Dollars will deter this company that yearly make billions of dollars from misconduct.

III. Statement of Claim

Write a short and plain statement of the claim. Do not make legal arguments. State as briefly as possible the facts showing that each plaintiff is entitled to the damages or other relief sought. State how each defendant was involved and what each defendant did that caused the plaintiff harm or violated the plaintiff's rights, including the dates and places of that involvement or conduct. If more than one claim is asserted, number each claim and write a short and plain statement of each claim in a separate paragraph. Attach additional pages if needed.

On *(date)* 12/01/2021, at *(place)* Dollar Tree Distribution Center,

the defendant(s): (1) performed acts that a person of ordinary prudence in the same or similar circumstances would not have done; or (2) failed to perform acts that a person of ordinary prudence would have done under the same or similar circumstances because *(describe the acts or failures to act and why they were negligent)*

This facility have a unknown amount of rodents inside of it. I was instructed to work through these rodent issues and caught a disease many times. I was instructed to pick up rodents dead or alive. I killed them by throwing the in a trash compactor. These rodents have lived off of the supply inside this warehouse. This facility can be shut down and professional exterminators take all of these issues away. The supervisors and human resources employees tell me to handle the issues.

The acts or omissions caused or contributed to the cause of the plaintiff's injuries by *(explain)*

My managers neglected me. They made managing rodents apart of my job and did not give me the proper personal equipment (PPE). I was decline pay raises that could have helped. Other co-workers did not have to cope with rodents in their surroundings. Instead I was called to exterminate the rodents.

IV. Relief

State briefly and precisely what damages or other relief the plaintiff asks the court to order. Do not make legal arguments. Include any basis for claiming that the wrongs alleged are continuing at the present time. Include the amounts of any actual damages claimed for the acts alleged and the basis for these amounts. Include any punitive or exemplary damages claimed, the amounts, and the reasons you claim you are entitled to actual or punitive money damages.

There is an untold exact number of rodents inside of this company warehouse in Georgia. These rodents gave me a disease during a global pandemic multiple time. I have talked to many of my superior staff members but they still made me handle the rodents in our environment. Dollar Tree Inc. net worth is 36.53 billion dollars according to macrotrends.net as of November 11, 2022. My punitive damages claim may make this company take the right steps whenever issues happen.

V. Certification and Closing

RE: Complaint #1799532
Dollar Tree Distribution Center #5
151 Crossroads Parkway
Savannah, GA 31407

To Whom It May Concern:

In response to the Complaint #1799532, for Distribution Center #5 in Savannah, GA please see the outline below indicating existing procedures and or actions taken:

- With regards to the allegations that employees are operating industrial trucks and not coming to a complete stop at posted stop signs in the MOD Three (3) area of the warehouse, these potential hazards were investigated by the leadership team at this Distribution Center.

Stand down meetings have been held with all powered industrial truck operators and was completed on August 23, 2021 for all shifts. Topics included Powered industrial truck safety with an emphasis on stopping at all intersections and horn usage prior to entering intersections.

Powered industrial truck safety observations were conducted on each shift with assistance of hourly safety team members. Observations were focused on entering intersections at the ends of aisles. Criteria of observation included entering intersection forks first, not stopping, driving with high forks and horn usage. Safety observations concluded that powered industrial trucks on Team 3 had episodes of non-compliance of not stopping when entering intersections. Specifically at the end of MOD 3 and the Receiving department. Moving forward non-compliance will be addressed as future observations will take place on a regular cadence. Attached please find photos the posted 'STOP' signs and 'SLOW' signs for our powered industrial truck operators to follow (EXHIBIT A);

- With regards to the allegations that employees operate backpack blowers for cleaning and are not provided safety glasses and hearing the protection, the allegations were investigated by the leadership team at this Distribution Center. Safety glasses and hearing protection is readily available as personal protective equipment for employees working within the distribution center. The distribution center has an electrical powered blower that is used within the building for cleaning purposes and gas powered blowers for use on the exterior buildings grounds. The investigation revealed that the electrical powered blower was not charged and the associate was asked to use the gas powered blower within the building. The gas powered blower has since been secured and is no longer available to be used within the building. Attached please find photos of the battery operated blower that is periodically used in the distribution center (EXHIBIT B); and
- Enclosed is a copy of the posted Certificate of Posting and Letter of Complaint (APPENDIX A).

Please do not hesitate to contact me should you require additional information.

The defendant oppression almost killed me during a global pandemic. They abused their power and I had to cope with rodents that were there before my employment started. These problems were prolonged for financial profit. I took photos of the rodents in my surrounding because I need proof of their existence. I apologize in advance for disobeying the electronic rules in the Dollar Tree Inc. handbook. The cruel treatment of possessing a disease from the job multiple times still hurt me to this day.

§ 51-12-5.1 - Punitive damages (b) Punitive damages may be awarded only in such tort actions in which it is proven by clear and convincing evidence that the defendant's actions showed willful misconduct, malice, fraud, wantonness, oppression, or that entire want of care which would raise the presumption of conscious indifference to consequences.

My Closing is these rodents can be handled by professionals. Instead I was assigned to exterminate these animals and keep doing my ordinary duties. There were infestations in many areas inside of the warehouse. This problem may still exist in the warehouse I worked inside. The punitive damages award will alert Dollar Tree Inc. to handle these issues better. These moments in my life disturb me to this day.
